

STOCKS

The San Francisco Chronicle of yesterday says: It was the entrance of opinion around the brokerage offices that most of yesterday's selling represented the closing out of margin accounts that was hastened by Monday's slump in the price of the stock. The stock was weak on the New York curb, where a report was circulated that work had been stopped altogether at the mine. This report was denied in a message received here from Superintendent McAllister, who stated that work was proceeding as usual and that the strike on the 1915 level was over eight feet, with some high-grade ore showing.

The following are the closing stock quotations and the record of the day's sales, as received from the San Francisco stock exchange this afternoon by Broker H. E. Edwards:

"MAN FAILURE" WILL BE TAKEN UP VERY SOON

CONGRESS WILL ATTEMPT TO PUT A STOP TO RECKLESS WORK.

(By Associated Press.)

WASHINGTON, Sept. 25.—As a result of the interstate commerce commission denouncement of the New Haven railroad recent Wallingford accident, which twenty-one were killed, sentiment in congress rapidly began to crystallize in a movement to take up the subject of legislation for train safety at the December session. The commission held that the accident was due to "man failure," from the highest officials to the trainmen. Commissioner McCord is drafting a bill to empower the commission to deal with such questions as steel cars and modern safety equipment. Representative Stevens of New Hampshire is preparing a similar bill.

BABIES AND BOOKS IN NEW SCHOOL

KINDERGARTEN CLASSES WILL BE DIVIDED TO ACCOMMODATE ALL.

The kindergarten opened yesterday morning in the new building, with Miss Irma Poltz in charge. The enrollment the first day was about 40, most of the little folks being escorted to school by their mothers. Today the total number reached 52, of whom 26 are 5 years old and 22 aged 4. There are more still to be entered. There will be two half-day sessions. The school board has made a decision that the 4-year-olds shall be given the forenoon and the 5-year-olds the afternoon. The hours will be 9 a. m. to 11 and 1:15 to 3. The fourth grade began holding sessions in the new building today. Other grades will be placed in their new quarters as rapidly as the furniture can be set up.

MAX B. BERNHEIMER DIES IN NEW YORK

PRESIDENT OF TONOPAH EXTENSION SUCCEEDS TO HEART DISEASE.

Max B. Bernheimer, president of the Tonopah Extension Mining company, and a heavy stockholder in the Tonopah Merger, died this morning in New York City, presumably of heart failure, as the family has been strangely afflicted that way. The deceased was 58 years of age and one of the wealthiest men in New York. He was a member of the Bernheimer-Schwartz Brewing company and a very large real estate holder. His last visit to Tonopah was three years ago. He also was an earnest believer in the future of this camp, and invested his money as he would have placed it in real estate or any other form of permanent investment.

The Juvenile Welfare section of the Woman's club will hold a card party at the K. of C. hall Friday afternoon at 2:15. Fifty cents admission will be charged. Prizes offered and refreshments served. If you wish to reserve tables telephone Mrs. Lloyd Horton. s2313

RENO ATTORNEY DEFENDS OLD DIVORCE LAW

Oscar J. Smith, a former Nevada attorney, in the Brooklyn Eagle says:

"It would be well for all the states of the union if they had divorce laws as liberal as those of Nevada. More liberality in the divorce laws of the states would result in a restricted use of the instrument of divorce. The divorce laws of the state of Nevada are no more liberal than were the recommendations contained in the majority report of the British Royal commission appointed to investigate the subject, and only a little more liberal than the report of the divorce congress of 1906.

"In the years 1911 and 1912, 1000 divorces were granted in Reno. In the year 1912, 100,000 were granted in the entire union, so that it will be seen that the Reno divorces make up but a very small percentage of the whole.

"The Nevada law stands today, word for word, as it was originally passed by the first territorial legislature in 1861, excepting that in 1875 the 'desertion' and 'neglect to provide' periods were changed from two years to one."
